A mural Thank You X completed recently in Los Angeles

Now it is our turn - we will take Thank You X's idea and use this with another style of art to create a mural. This mural will be on display for our Book Character Day.

Steps:

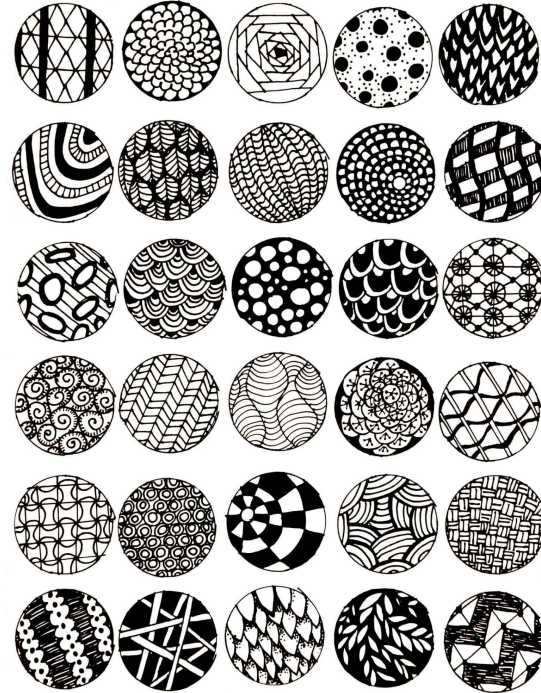

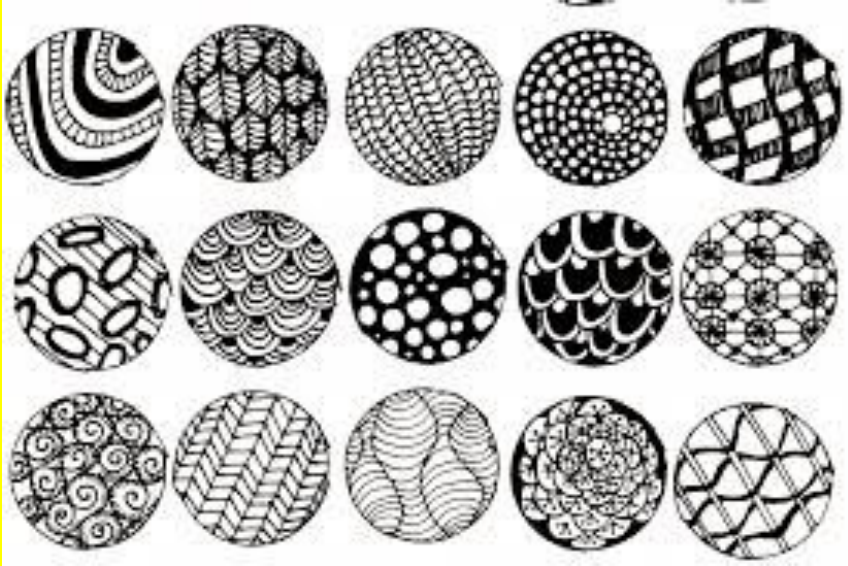

1. Take your cube. Cut this out very carefully leaving the outlines of the cube.
2. You will now need a thin tipped sharpie to do the next part.
3. Look at the ZENTANGLE art and begin making patterns using:
 - Thin lines
 - Thick lines
 - Smooth lines
4. Create patterns ever so carefully, so this will stand out on your cube:
 - Zig-zags, spirals and so on (see the ideas)
5. Keep the top part blank. You will only 'zentangle' the 2 sides.
6. Add in your first name to your cube.

Creating a Cube Mural

What is ZENTANGLE?

The **Zentangle** Method is an easy-to-learn, relaxing, and fun way to create beautiful images by drawing structured patterns. We call these patterns, tangles. You create tangles with combinations of dots, lines, simple curves, S-curves and orbs.

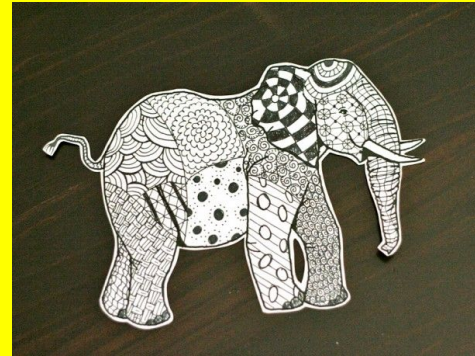

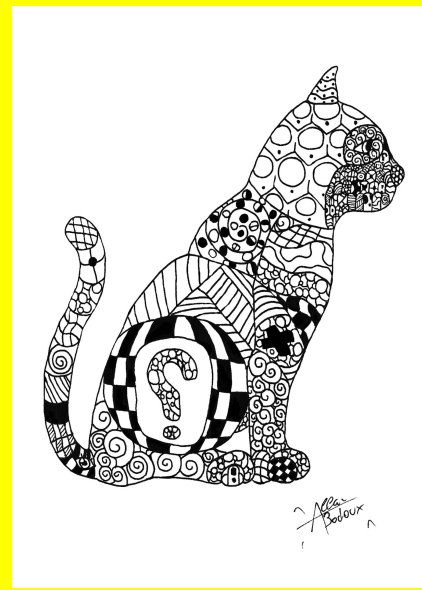

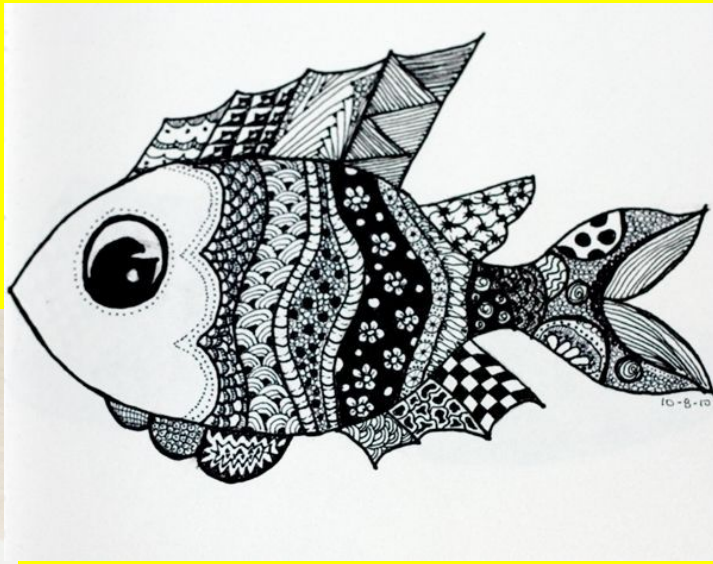

Zentangle Pattern Ideas

whack

What is ZENTANGLE?

What could Zentangle look like on a cube?

*This is the cube you will start with.
Be creative with your patterns.
Remember to use smooth lines.*

Keep
the top
blank.
