Learning tasks that you will work on at  
home. ...You Choose....

ART LOCKDOWN LEARNING TASKS

# Observational Drawing Activity

Learning Step 1 - Watch the video all the way through.

2. Gather up a few still life objects. Set them up like in the video.

3. Find a pencil or pen. Find some paper. Have a look in your recycle bin. Any paper will do. Even the back of something else. You could even draw on card from packaging.

3. Follow the drawing learning tasks. In order.

# One minute sculptures inspired by Erwin Wurm

## Overall Learning Objective:

To gain knowledge and experience of sculpture, primarily by making a real sculpture project, following the example of an internationally recognised living artist.

## Learning Goals:

1. Understand the diversity of sculpture
2. Recognise that 20th and 21st-century sculpture includes body art, action art and time-based art
3. Understand the value of copying an artist's work for the purpose of growing your creativity and improving your skills
4. Learn about Austrian artist Erwin Wurm's sculpture works through study and imitation (specifically his 'One-Minute Sculptures') and learn the basics of documenting their actions using photography
5. To be able to make real sculpture at home, without specialist equipment and materials.

**SAFETY FIRST....** Remember to work on this safely. When you record the video. It is important to ask yourself have you got enough available natural light. Set this up near a window or outside.
