BINGO

How to play:

- Work in pairs or groups of 3-4

- Adventure around the school and capture as many images as you can to tick off your BINGO sheet. Remember - the more accurate images you get, the higher your chances of being the winning team!

- Once you have completed your photoshoot in the provided time frame, upload your images to the Google Drive folders. Located on Google Classroom

- Your teacher will then start the BINGO game to see who the winning team is!
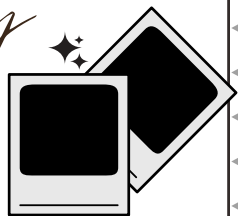

Photography

BINGO

| A photo using high exposure	Close up shot of flower	A selfie	Still life setting	Portraiture photo
Abstract photo	A photo that uses 400ISO	A photo that shows symmetry	A photo taken from an unusual angle	An upwards view of a tree/s
